

Disposable Breathing Circuits Consumables and Accessories

Reliable, convenient and designed for safety. Because the breathing circuit is the direct interface to the patient, the integrity of your entire anesthesia or ventilation system depends on it. With Dräger's portfolio of disposable breathing circuits, you can rest assured that each product is carefully designed to work as part of a complete solution.

Benefits

Disposable breathing circuits

- Optimal fit and functionality helps to ensure the safety of the patient
 - PVC-free design of gas leading components
 - Single-patient use helps to prevent costly cross contamination
 - Disposable convenience enhances workflow
-

An integral part of the process

Dräger has leveraged its decades of experience in anesthesia and ventilation devices, as well as reusable accessories, to develop these disposable solutions. A wide range of solutions help to ensure optimal fit and functionality. And we are committed to the continued expansion of our disposable line to optimize patient safety, no matter what the Dräger device, the treatment, or the age of the patient.

The safety of biocompatible materials

To meet Dräger's rigorous quality standards, we carry out substantial biocompatibility testings. PVC-free materials for all gas leading components prevent complications due to the absence of DEHP. Plus, a choice of a latex or latex-free breathing bags in the anesthesia sets lets you tailor the breathing solution to the needs of the individual patient.

Hygienic and efficient

Because disposables are designed for single-patient use, they help prevent costly cross contamination. Disposables also contribute to process efficiency, so caregivers can allocate more time to other aspects of patient care.

Ordering Information

| Description | Order number |
|---|--------------|
| VentSet Basic | MP00300 |
| VentStar® Basic (P) 150 without Luer Lock | MP00338 |
| Anesthesia Set Basic, latex-free | MP00301 |
| Anesthesia Set Basic, latex | MP00302 |
| Anesthesia Set Flex, latex-free | MP00303 |
| Anesthesia Set Flex, latex | MP00304 |
| VentSet Flex | MP00305 |
| VentSet Coax | MP00315 |
| VentSet Coax with holder | MP00316 |
| VentStar® MRI, 3 m | MP00327 |
| VentStar® MRI (N) 300 | MP00329 |
| VentStar® Anaesthesia without Luer Lock | MP00330 |
| VentStar® Anaesthesia (P) without Luer Lock | MP00331 |
| VentStar® Watertrap 180 without Luer Lock | MP00334 |
| VentStar® Watertrap 180 | MP00337 |
| VentStar® Bag Set | MP00222 |
| VentStar® Bag Set 120 | MP00380 |
| VentStar® Bag Set 150 | MP00381 |
| VentStar® Bag Set (P) 110 | MP00384 |
